Freshman Survival Guide

FRESHMAN SURVIVAL GUIDE

Time Management

Your first time on the Yard can be a bit intimidating at first, but staying two steps ahead with managing your time and energy will get you through. Prioritize your days in order of importance and time it takes to complete tasks.

Show Up and Participate

Arriving to class on time is just the start. Your participation in class discussions, note taking, timely completion and submission of assignments will be the difference between falling behind or staying ahead.

Gain leadership and networking skills!

FRESHMAN SURVIVAL GUIDE

Success is a Team Effort

Studying on your own won't be enough to survive your first year of college. Take advantage of the tools and resources available to you. Whether you're scheduling time with a professor or advisor, ask questions to get the answers and guidance needs to succeed.

*Your classmates
can help too!*

Take Notes

Avoid missed information or confusion by taking notes whenever possible. Notes will be secret weapon as you prepare for exams, class assignments, and presentations.
